# Osbornes Personal Injury

osbornes<sup>o</sup>

Personal injury claims range from trips and slips and car accident whiplash cases to catastrophic brain and spinal injuries involving complex litigation.

Whatever the claim it is important that the injured person is represented by an independent specialist personal injury lawyer.

At Osbornes we have a team of 9 dedicated PI lawyers, one of whom will run your case from the outset.

We are recommended by the Law Society and the Association of Personal Injury Lawyers as well as many of the hundreds of clients we win compensation for every year.

#### Where do I start?

Ring Wendy Wright on 020 7485 8811 or send an e-mail to [wendywright@osbornes.net](mailto:wendywright@osbornes.net). We will then discuss the claim with you over the phone and if you have a claim we will arrange a free initial interview either here or at your home.

#### Do I have a claim?

If you have been injured and someone else was at fault you probably do. We run cases on a No Win No Fee basis and so if we take your case on you can be assured that we think you will succeed. We rarely lose.

#### How does it all work?

We investigate and obtain the evidence we need to prove your case to the opponent's insurers. If they admit liability we will look to settle at maximum compensation in minimum time. If they do not we will – with your agreement – pursue the case to court.

#### What will it cost?

If the case does not succeed you pay nothing. If you win you should recover all your costs from the opponent but in some cases you will be asked to make a small contribution towards the costs from your compensation at the end of the case. We will advise you fully about funding at the start of the case.

#### What cases are covered?

- Work accident and disease claims
- Road traffic accidents
- Head injuries
- Trips, slips and public liability
- Product liability
- Holiday accidents
- Criminal injuries
- Education claims
